

March 2010 @ Rainbow Alley

1050 Broadway
 Denver, CO. 80203
 303.832.0442
 alley@glbtcolorado.org

Poetry Workshop: If you have some feelings that need to come out or if you want to hear some real soul, then stop by our poetry workshop.

Karaoke: Come and let out that idol when we have a real karaoke DJ come and hang with us here.

Go-Green St. Patty Day Crafts: We will be doing some crafts that will recycle some used items to make some rad things in the spirit of St. Patts Day.

Education for Action is a free four part workshop series beginning in March at Rainbow Alley. These hands on workshops will incorporate documentary film, art, and popular education that is relevant to the lives of queer youth in and around Denver. Workshops will begin with a history of HIV/Aids and the Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) activism that was born out crisis. Participants will examine the root causes of widespread youth homelessness and substance abuse within LGBTQ communities. The last sessions will give youth an opportunity to learn how to do street outreach and join Rainbow Alley's Outreach Team.

Drag Show: Hail, the Kings and Queens of the Kingdom of Drag are at it again to put on a show of talent and beauty.

Theater w/ Laurie: This program is going to consist of two parts. I would call this self-scripting, simply writing what is true for you. One part will focus on the participants writing their own truth/story. The other part will focus on generating a performance together. The Goal eventually is to create a colleague of theatrical material to be performed at a future date. It's about being seen, being heard, opening ones heart and telling your story. You don't have to be a performer or have prior experience to participate in this program.

Quings and Kweens Dance Crew: Strut your stuff with the hottest queers in town ! No previous dance experience necessary.
